

ATLANTIC SPORTS REPORT BILL RAY, HOST

The Atlantic region's top daily radio sports update. Ray Sports® delivers inside news on the area's professional and collegiate sports teams. The program is available Monday through Friday at 7:20AM* via the Internet (www.agrinetradio.com).

The Atlantic Sports Report is not in competition with local or national sports reports -- it's a total compliment. Radio stations do a great job covering local sports, and national networks do likewise with national sports. Historically, it is the area between national and local sports that is lacking in coverage. The **Atlantic Sports Report/Ray Sports®** highlight the teams, coaches, players, drivers, movers, and shakers in the Atlantic region. Too often we hear the headlines, but not the whole story.

Bill Ray emphasizes in his reports what's being discussed at the office: Who has the best team; Who had the best recruiting year; What coach is going where; ect. **Exclusive interviews** are a big part of the **Atlantic Sports Report**. Pick-up inside sports information not heard anywhere else. Whether a casual listener or an avid fan, **listeners are drawn to the Atlantic Sports Report.**

The Ray Sports® Network has extensive experience in program services from engineering – to production – to satellite and program distribution – to affiliate relations. Throughout the years, the Ray Sports® Network clients have included:
